

User Guide to Access IEEE Publications

For Member Institutions of One Nation One Subscription

One Nation One Subscription includes IEEE's [All Society Periodicals Package \(ASPP\)](#), delivered via IEEE Xplore Digital Library. The member institutions have full-text access to IEEE Journals and Magazines published from 1998 to present. Here are the two ways to access:

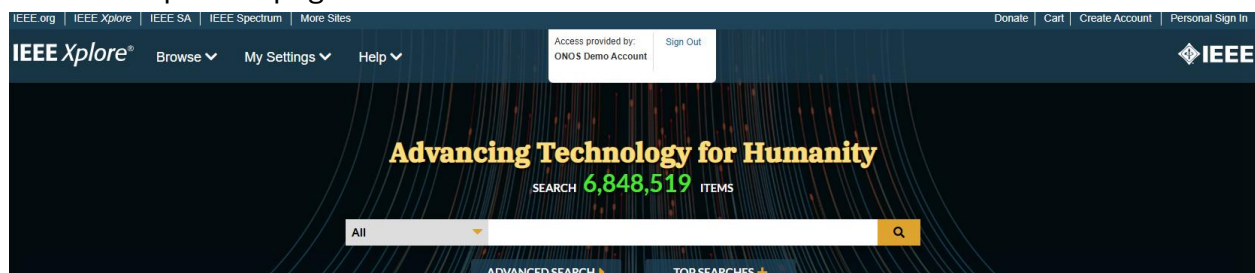

1. Visit <https://ieeexplore.ieee.org> after connecting to the CAMPUS NETWORK while on the campus. You will see your institution name on top of the page (refer to the last image in this page).
2. If you do not see your institution's name, visit <https://www.onos.gov.in/how-to-access> for LOGIN INSTRUCTIONS.

If you are following the step #2, upon login:

- Choose **Publishers** (<https://www.onos.gov.in/publishers>) from the Menu
- Scroll down to find **IEEE Journals**
- Expand to view the IEEE Xplore Digital Library URL (<http://ieeexplore.ieee.org/>) and click on it.

Upon signing into IEEE Xplore Digital Library, you will see: *Access provided by your institute name* on top of the page.

For any access issues and other requests, please contact ieeeindiasupport@ebSCO.com (please include your name, designation, and the name of your institute.)

User Guide to Access IEEE Publications

For Member Institutions of One Nation One Subscription

Start Your Search Here

- IEEE *Xplore* searches for all terms in the metadata and ranks results by relevance.
- Basic search option enables you to search IEEE *Xplore* for keywords, phrases, author names, and publication details.
- In [ADVANCED SEARCH](#), you can search full text and limit your query to specific fields using dropdown menus.

IEEE provides free quick reference [user guides](#), [video tutorials](#) and [user tips](#).

How to Refine Results

- If you wish to see the full text access, select "SUBSCRIBED CONTENT" in the box on the left-hand side of the page.
- On the search results page, use SEARCH WITHIN RESULTS to enter additional search terms.
- You can also refine by FACETS to limit your search as needed.
- Use the drop-down menus to change the number of results PER PAGE or to change the SORT BY order (newest first, most cited by papers or patents, etc.)

The screenshot displays the IEEE Xplore search interface. At the top, there is a search bar labeled 'Search within results' and buttons for 'Download PDFs', 'Items Per Page', 'Export', and 'Set Search Alerts'. Below the search bar, it indicates 'Showing 1-25 of 757,409 results from entire library'. A filter section allows users to select document types: Journals (370,423), Conferences (258,951), Magazines (125,155), and Early Access Articles (2,880). A 'Filter search results to display only downloadable content' option is also present. On the left, a 'Show' dropdown menu is set to 'Subscribed Content', with a purple arrow pointing to it. Below this, a 'Year' filter is shown with a range from 1884 to 2026. The main results area shows two entries: 'Beyond the Black Box: A Systematic Review of Explainable AI for Transparent and Trustworthy Water Quality Monitoring' and 'Tunable Photodetectors Based on 2D Hybrid Structures from Transition Metal Dichalcogenides and Photochromic Molecules'. Each entry includes the authors, the journal name, and the year.
